# OUR GARMENTS ARE YOUR GARMENTS WE BESPOKE ANY TYPE OF TEXTILE

We offer a service of bespoke. Our capacity allows us to both customize all products that are part of our extensive catalogue, as well as to produce any item starting from zero.

## MAKING THE COMPLEX SIMPLE

By relying on us, a process that could be complex for organizations or companies outside the textile sector or not used to business with foreign suppliers it is simplified to the maximum.

Through the service of textile bespoke productions we offer, the customer's only concerns is to define the type of garment needed. We take care of the rest.

# WE ARE THE RIGHT SUPPLIER REASONS THAT MAKE US DIFFERENT

## CAPACITY, CUSTOMIZATION AND PRODUCTION

No matter the garment to be developed or desired customization. We have the team and experience necessary to carry out all types of projects.

## EXPERIENCE IN TEXTILE SECTOR

A wide experience in the textile industry as manufacturers and importers allows us to understand and anticipate to our customers' needs.

## EXTENSIVE KNOWLEDGE IN SUPPLIERS

Thanks to the close relationship we have with suppliers in origin and to the experience in textile manufacturing, we select the most suitable suppliers depending on the type of garment or garments to be produced.

## NEGOTIATION POWER

Our position as major importers gives us negotiation power to obtain more competitive prices and better delivery terms.

## COMMITMENT TO QUALITY

We maintain a constant commitment to quality through a double check on the garments made in origin as well as in our facilities before delivering to the customer.

## PERSON TO PERSON

We believe in relationships based on professionalism and confidence. Something that can only be achieved through personal attention and being close to all our customers.

# FROM IDEA TO FINAL RESULT AT ONLY 5 STEPS FROM THE GARMENT YOU WANT

## 1. DEFINITION OF PROJECT

Advised by our production team, the characteristics and requirements that the garments must meet are set as well as the timing schedule of the project.

## 2. DESIGN AND DEVELOPMENT OF THE GARMENT

Our design team develops the specification sheet of the garment according to your needs. A design that after having been approved sent to production.

## 3. PRE-PRODUCTION SAMPLE

Reception of a pre-production sample according to the indications and specifications of the approved technical sheet, with available fabric and colours, as well as LAB DIPS of colour for approval

## 4. PRODUCTION AND RECEPTION

According to the type of garment, we select the most suitable suppliers in origin. At this stage our team supervise directly all production process since we send first the design until the reception of samples, the final production, dispatching and delivery in our facilities, where before shipping to client we carry out a final revision for evaluation, conformity and quantities.

## 5. DOUBLE QUALITY CONTROL

The garments are subjected to a double quality control that is carried out both in origin as at the time of delivery. In this way it is always guaranteed a correct finish of the product.
